

The Clubhouse Information

New Customer Account Setup – Golfzon:

- Go to www.global.golfzon.com and fill in your personal information
 - ***Note:** Remember your Golfzon ID and Password because you will be required to punch this information into the system before you start each round. You can purchase a Golfzon ID card that is linked to your account for \$5 at anytime to make the login process simpler.

Returning Customers:

- Make sure to have your Golfzon ID and Password (or Golfzon ID card) on hand when you show up for your tee time.

Reservations:

- To make a tee time at the Clubhouse, please call (307) 303-0403 and ask what time slots are available. You will need to inform our staff of how many people will be playing, and how long you would like to reserve the room for.
- Once we find a reservation time that works, we ask that you show up 15 minutes before your tee time to complete any additional information we may need such as new round information and waivers. We do not want miscellaneous tasks to cut into your time slot.
- You are allowed to use your own clubs on our simulator, so feel free to bring them in with you. We offer a club cleaning service that will be included in your reservation before you start your round.
